\*  Comment. Component units of the unidentified AAA Div of the GDFG, possibly the 6th, are believed to be stationed in the barracks installation on the east side of Leninstrasse. Compare with similar observations made  in October 1950.

25X1

Most of the motor vehicle reported belong to the division and to the IV Arty Corps, which is directly subordinate to the division.

25X1

\*\*  Comment. It is still undetermined whether the barracks installations belong to the locality of Chemnitz-Hilbersdorf located to the south, or to Chemnitz-Ebersdorf, located north of Hilbersdorf. The barracks installation on Adalbert-Stifter-Weg in Ebersdorf is referred to in the present report. The motor vehicle  belong to the 8th Gds Mecz Div and confirm the belief that component units of the 8th Gds Mecz Div, probably the 19th Gds Mecz Regt, are stationed there.
